

# Results and Pathways

## Celebrating Achievement

We are extremely proud of our 2024 Year 12 cohort, who have demonstrated resilience, dedication, and an unwavering commitment to their learning journey. At MMC, we believe in reimagining education for a rapidly evolving world. Our approach fosters adaptability, academic excellence, and holistic development to prepare students for the exciting future ahead.

Due to our small class sizes and personalised teaching methods, students who may have otherwise found traditional settings more of a challenge, have found an environment where they can truly thrive. The Montessori approach allows for deep, individualised learning, empowering students to reach their full potential in ways that extend beyond standard academic measures.

While academic results reflect the perseverance and effort of our students, they are just one measure of success. True achievement lies in the skills, passions, and individual potential each student cultivates during their time with us. As a community, we celebrate these diverse talents and strive to unlock the unique abilities of every learner.

Every student in our 2024 cohort was accepted into a course aligned with their interests and aspirations, a testament to their hard work and the support of our dedicated educators. Additionally, 40% of our students achieved an ATAR equivalent of 80 and above, positioning them among the top 20% of students nationwide.

We are excited to see our graduates embark on their next chapter, equipped with the knowledge, creativity, and adaptability to thrive.

Whether they pursued the VCE Vocational Major (VM) or the International Baccalaureate (IB) Diploma Programme, each student has forged a meaningful path toward their aspirations. This snapshot reflects the choices of all known MMC Senior School graduating students since its inception:

### Industry Choices

### Pathway Choices

Our students' diverse career aspirations reflect the breadth of opportunities available to them, whether through university, vocational pathways, or direct entry into industries they are passionate about. Their choices are a testament to the strength of a Montessori education—one that fosters independence, critical thinking, and lifelong learning.

Congratulations to our graduates! We look forward to seeing the incredible contributions you will make to the world.
